*QTA refers to our 'Quick Turn-Around Queue'. Our department uses this routing queue for small projects that we determine will take our staff under 30 mins to review. Examples of this would

include a small bathroom remodel, a solar permit, or roofing permit.

* MEP refers to Mechanical, Electrical, and Plumbing permits. These sub permits typically get processed same or next day and generally do not require a plan review from our staff.

The average first review cycle for Building Code in June was 18.7 days for Commercial projects and 11.6 days for Residential IRC projects.

Including all permit types issued in June, 14% were reviewed at our normal timelines (see above for timelines), and 34% were reviewed within 1-3 business days (QTA). 52% of June's issued permits did not require a formal review, and were issued within 24 hours.

The Building Services Department currently has 8 building code reviewers, 2 fire code reviewers, 4 permit processors, 16 building inspectors, and 14 civil enforcement officers, along with administrative staff.

*All reported numbers are subject to inaccuracies, including monthly housing units added to the city and project values.
