SUBJECT: Zoning Map Amendment at approximately 754 S State Street
Petition PLNPCM2022-01109

STAFF CONTACT: Amanda Roman, Urban Designer
801-535-7660 or amanda.roman@slcgov.com

DOCUMENT TYPE: Ordinance

RECOMMENDATION: That the City Council follow the recommendation of the Planning Commission to amend the zoning map of 10 parcels at approximately 754 S State Street from D-2 Downtown Support District to D-1 Central Business District and amend [section 21A.33.050 Table of Permitted and Conditional Uses for Downtown Districts](#) to add the following uses as Conditional within the D-1 zoning district:

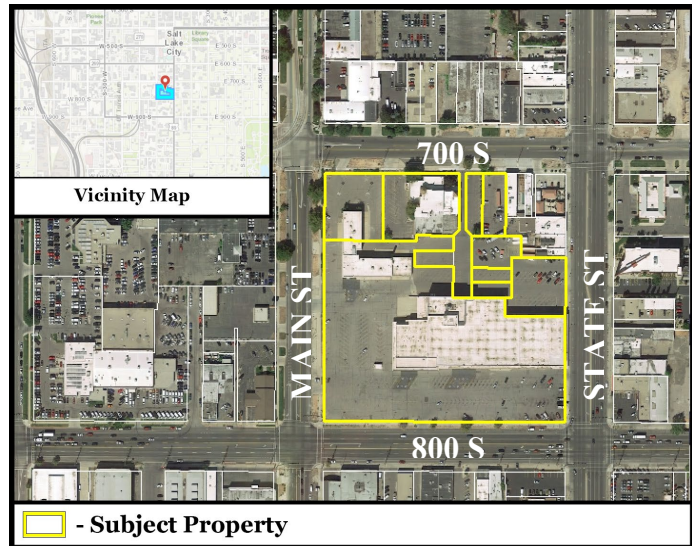

- Ambulance service (indoor)
- Ambulance service (outdoor)
- Hospital, including accessory lodging facility

BUDGET IMPACT: None.

BACKGROUND/DISCUSSION:

The proposal includes a zoning map amendment to change the zoning of 10 parcels at approximately 754 S State Street from D-2 Downtown Support District to D-1 Central Business District. The purpose of the proposed amendment is to allow for the redevelopment of the property with an urban hospital. To develop the property, the D-1 zoning district land use table also needs to be amended to add hospitals and ambulance services as Permitted or Conditional uses.

Planning staff recommended that the two proposed uses (Hospitals and Ambulance Services) be adopted as Permitted uses in the D-1 zoning district. During the Planning Commission discussion period on March 22, 2023, a majority of the Commission (7:3) voted to modify staff's recommendation and forward the proposal to the City Council with a recommendation to adopt the uses as Conditional rather than Permitted. Additional discussion topics during the March 22, 2023, Planning Commission meeting included parking and housing options on the site if the rezone is adopted.

The intent behind the rezone and text amendment request is to allow for more design flexibility for the purpose of constructing an urban hospital. The building height in the D-2 zoning district is limited to a maximum of 120 feet, with Design Review approval. The by-right building height in the D-1 zone for buildings located on a block corner is 100 – 375 feet. Buildings taller than 375 feet must receive Design Review approval, but there is no maximum height.

The Planning Division has transmitted a proposed ordinance to the City Council that would increase allowable building heights in the Downtown Districts while supporting human-scale development, increased street activation, pedestrian accessibility, and community character. If adopted, the Downtown Building Heights and Street Activation text amendment (PLNPCM2022-00529) would directly affect the development potential of the subject property. The proposed amendment would eliminate the distinction of corner and midblock lots and change the by-right building height in the D-1 zone to 200 feet. Buildings over 200 feet would be required to receive Design Review approval but would have no maximum height. The City Council was briefed on the proposed text amendment on April 4, 2023. At the time of this transmittal, a vote has not been taken to approve, modify, or deny the ordinance.

For specific information regarding the proposal, please refer to the Planning Commission Staff Report.

PUBLIC PROCESS:

- The Planning Division provided a 45-day comment period notice to the associated community councils for the property: Ballpark, Central City, Central 9th, and Downtown. The councils held a joint meeting with Planning staff and the applicant to discuss the proposal on January 19, 2023. A formal letter was submitted and is included in the Planning Commission Staff Report.
- Staff sent an early notification announcement of the project to all residents and property owners living within 300 feet of the project site providing notice about the proposal and information on how to give public input on the project on December 12, 2022.
- An online open house has been posted to the Planning Division's webpage since December 12, 2022. The page remains open for review.
- Four public comments were received prior to the Planning Commission meeting and three were submitted either after the Commission staff report was published or after the meeting. The three additional comments are included in Exhibit 4 of the transmittal.

SALT LAKE CITY ORDINANCE
No. _____ of 2023

(An ordinance amending the zoning of property located at approximately 754 S State Street from D-2 Downtown Support District to D-1 Central Business District)

An ordinance amending the zoning map pertaining to property located at approximately 754 S State Street from D-2 Downtown Support District to D-1 Central Business District pursuant to Petition No. PLNPCM2022-01109.

WHEREAS, the Salt Lake City Planning Commission (“Planning Commission”) held a public hearing on March 22, 2023 to consider a petition by Tyler Buswell, counsel for the property owner, to rezone ten parcels located at 754 S State Street (Tax ID Nos. 16-07-103-017-0000, 16-07-103-001-0000, 16-07-103-002-0000, 16-07-103-003-0000, 16-07-103-004-0000, 16-07-103-008-0000, 16-07-103-009-0000, 16-07-103-010-0000, 16-07-103-011-0000, 16-07-103-022-0000) from D-2 Downtown Support District to D-1 Central Business District pursuant to Petition No. PLNPCM2022-01109; and

WHEREAS, at its March 22, 2023 meeting, the Planning Commission voted in favor of transmitting a positive recommendation to the Salt Lake City Council (“City Council”) on said petition; and

WHEREAS, after a public hearing on this matter the City Council has determined that adopting this ordinance is in the city’s best interests.

NOW, THEREFORE, be it ordained by the City Council of Salt Lake City, Utah:

SECTION 1. Amending the Zoning Map. The Salt Lake City zoning map, as adopted by the *Salt Lake City Code*, relating to the fixing of boundaries and zoning districts, shall be and hereby is amended to reflect that the property identified on Exhibit “A” hereto shall be and hereby is rezoned from D-2 Downtown Support District to D-1 Central Business District.

SECTION 2. Effective Date. This Ordinance shall become effective on the date of its first publication.

2) NOTICE OF CITY COUNCIL HEARING

NOTICE OF PUBLIC HEARING

The Salt Lake City Council is considering **Petition PLNPCM2022-01109** Zoning Map & Zoning Text Amendment for the property at approximately 754 S State Street. Kirton McConkie, represented by Tyler Buswell, Attorney for IHC Health Services, Inc. (the Property Owner), initiated a petition for a zoning map and zoning text amendment, which would facilitate the development of an urban hospital at approximately 754 S State Street. The zoning map amendment request is to rezone 10 parcels from D-2 Downtown Support District to D-1 Central Business District. The 10 parcels included in this proposal are listed below for reference.

Address	Parcel ID	Approximate Acreage
748 South State St.	16-07-103-017	.55
709 South Main St.	16-07-103-001	.66

754 S State St.	16-07-103-022	5.97
Major Street	None	Total Acreage: 8.95

The proposed text amendment to [section 21A.33.050 Table of Permitted and Conditional Uses for Downtown Districts](#) would add the following uses as Conditional within the D-1 zoning district:

- Ambulance service (indoor)
- Ambulance service (outdoor)
- Hospital, including accessory lodging facility

As part of their study, the City Council is holding an advertised public hearing to receive comments regarding the petitions. \$1,075 for text amendment.

Dear Mr. Norris:

This law firm represents IHC Health Services, Inc. (“Intermountain”), which is the owner of the Property described above. This letter accompanies the zoning map and text amendment application submitted concurrently with this letter. The purpose of this letter is to address the submittal requirements of the City’s Zoning Amendment application form. Specifically, this letter will provide the following: (1) a statement declaring the purpose of the amendment, (2) a description of the proposed use of the property being rezoned, (3) the reasons why the present zoning may not be appropriate for the area, (4) the parcel numbers for each parcel affected by the proposed map amendment, and (5) the requested text revisions to the applicable zoning ordinance. Intermountain and our firm look forward to working with the City regarding this application. We hope to create an outcome that will benefit the City, the Property, and residents of Salt Lake City.

(1) Purpose for the amendment.

Intermountain proposes to amend both the zoning map and the applicable text of the D-1 zone. The Property is comprised of 10 separate tax parcels where the old Sears building is located and an old, unused right of way (S. Major St.), all of which is situated just south of downtown Salt Lake City. The current zoning of all such parcels is the D-2 Downtown Support District zone, and Intermountain proposes to amend the zoning map to the D-1 Central Business District zone. As explained further in paragraph (5) below, Intermountain also proposes to amend the text of the D-1 zone to allow Hospitals as a permitted use, along with other uses to be designated as either permitted or conditional uses.

Accordingly, the purpose of these proposed amendments is to allow for the re-development of the majority of the Sears block to accommodate a new, downtown, urban hospital. As the City has known for some time, the Sears property has been in dire need of improvement and redevelopment for many years. The unique location of the block, directly on the southern border of downtown and right along State Street, makes it a prime location for a unique project in general, and an urban hospital in particular.

The amendment to D-1 will allow for the maximum flexibility on the Property to create a project that can both function as part of the downtown core, but also facilitate a transition from the downtown uses to the supporting uses of the D-2 zone. Moreover, the amendment will allow the Property to best meet the City’s vision for the South State area as described in the Downtown Master Plan.

(2) Description of the proposed use of the property being rezoned.

While Intermountain has not created any formal or conceptual plans for the Property, the hospital use would be akin to many urban hospitals across the country.

The project would create and serve as an anchor and bookend on the south end of downtown. The current border of the D-1 zone is less than half a block away to the northwest of the Property, and approximately half a block away directly to the north of the Property, so a hospital project would not only fit with the existing development pattern in the surrounding area, but it would serve to revitalize the area. The hospital would include the typical necessary accompanying uses for a hospital.

(3) Reasons why the present zoning may not be appropriate for the area.

The current zoning of D-2 for the Property is not appropriate because it has created a site that is underperforming and is not the highest and best use for the Property. The Property has sat largely vacant and underutilized for so long because the D-2 zone does not foster and has not attracted the type of users and uses that this site will support. Because the Property is located in a transition block from D-1 to D-2, it has created a circumstance where more traditional downtown uses, such as high-rise office or residential projects are not well suited, and the economics of lower-rise commercial, office, or residential uses are not as financially viable.

The proposed use of a hospital can bridge the gap of those drawbacks created by the Property's location. The D-1 zone will allow Intermountain the flexibility in building height while also not being out of character for the area with the Grand America being two blocks away, and the new multi-story office/residential projects built on 600 South and Main Street, 700 South Main Street, and 600 South State Street. The D-1 zone's building height and density flexibility will also help Intermountain in working with the City to design a project that better incorporates permeability and walkability of the Property that would not otherwise be possible given the small area of the Property compared to the level of services Intermountain desires to include on the Property.

Amending the Property to D-1 will also be in line with the City's vision of the "South State" area in its Downtown Master Plan. A hospital will accomplish the goals of re-urbanizing South State while not disrupting the integrity of the neighborhoods to the east. It would also serve those neighborhoods by providing needed healthcare services within walking distance to many residents.

The current state and zoning of the Property has failed to live up to or satisfy the City's vision for the area. So, Intermountain would strive to cooperate with the City in its efforts to implement the Downtown Master Plan goals for this site. A hospital can blend and accomplish the City's desired outcomes for this area.

(4) Parcel numbers to be changed from D-2 to D-1 on the Zoning Map.

The following parcels are all proposed to be changed from D-2 to D-1 on the City's Zoning Map:

Address	Parcel Number	Approx. Acreage
709 S. Main St.	16-07-103-001-0000	0.66
56 E. 700 S.	16-07-103-004-0000	0.24
728 S. Major St.	16-07-103-008-0000	0.10
725-727 S. Major St.	16-07-103-009-0000	0.25
754 S. State St.	16-07-103-017-0000	0.55
735 S. Major St.	16-07-103-010-0000	0.10
739 S. Major St.	16-07-103-011-0000	0.10
36 E. 700 S.	16-07-103-002-0000	0.81
48 E. 700 S.	16-07-103-003-0000	0.17
754 S. State St.	16-07-103-022-0000	5.97
All of S. Major St.	None	

(5) Requested text amendments to the D-1 Zone.

Currently, a hospital is not specifically designated in the table of permitted and conditional uses for the D-1 zone. Consequently, in addition to the requested map amendments, Intermountain proposes the following text amendments to the D-1 zone.

(a) Edit to 21A.33.050, Table of Permitted and Conditional Uses For Downton Districts.

Intermountain proposes to add the following uses to Table 21A.33.050:

- “Ambulance service (indoor): Permitted.”
- “Ambulance service (outdoor): Permitted.”
- “Hospital, including accessory lodging facility: Permitted.”
- “Retail, sales and service accessory use when located within a principal building and operated primarily for the convenience of employees: Permitted.”

(Note that the following uses that may be incorporated into the proposed hospital are already either permitted or conditional uses in the D-1 zone as shown on Table 21A.33.050: Bio-medical facility (permitted); medical clinic (permitted); heliport (conditional use); laboratory, medical related (permitted); mixed-use development (permitted); office (permitted).)

We look forward to working with the City on these proposed changes. Please feel free to contact me at [REDACTED] if you would like to discuss.

Sincerely,

Kirton McConkie

Subject: (EXTERNAL) Downtown coalition requests re: Intermountain
Date: Tuesday, March 21, 2023 2:54:05 PM

Hi Amanda,

After having reviewed the excellent staff report prepared for tomorrow's agenda item entitled, "Zoning Map & Text Amendment at Approximately 754 S State Street," we wondered what opportunities there are to get our official requests from the 1/19 meeting with Intermountain and Planning Commission staff on record? Those requests are summarized below:

1. Requirement of a concept plan prior to D1 zoning approval

We believe Intermountain is a unique entity that has a greater obligation to transparency with regard to their planning process by virtue of their non-profit status and corresponding community benefit obligations set forth by state and federal law. Specifically, we believe that their request for D1 zoning approval be approved but conditioned upon first the submission of a concept plan that demonstrates a sincere - even if preliminary - incorporation of community feedback gathered to date. Note: we have communicated this request to our D4 Council Member, Ana Valdemoros.

2. The fourth text amendment element re: internal retail should be conditional and limited

As communicated by surrounding businesses, we are concerned that the fourth element of the proposed text amendment, "Retail, sales and service accessory use when located within a principal building and operated primarily for the convenience of employees: Permitted" should be only conditionally approved and limited. We strongly recommend against internal retail developments that impede the full beneficial impact of Intermountain's workforce and clientele on the surrounding retail community. We understand that Intermountain would reasonably want food options for employees that allow them to stay close to their responsibilities but an approach similar to the Medical Center in Murray with a variety of internal restaurants would undermine the objective to support the existing retail community.

Thank you for your consideration on this.

Subject: (EXTERNAL) No IHC hospital downtown without comprehensive reproductive healthcare
Date: Saturday, March 25, 2023 12:17:45 AM

Hello,

The following comments are intended to be read for the planning commission regarding Intermountain Healthcare's request to rezone 754 S State Street (the Sears block):

With the passage of H.B. 467 during the most recent state legislative session, hospitals will soon be the only institution legally allowed to provide abortion services in Utah. The two providers of routine abortion in the state, Planned Parenthood and Wasatch Women's Center, will soon be forced to close in May. Residents of Salt Lake City will have to travel hundreds of miles to receive what the American Medical Association calls an essential healthcare service.

Zoning offers communities the opportunity to align land uses with the needs of their residents. When a new land use is granted, it should fulfill the needs of the community. At first glance, it would seem that Intermountain Healthcare's proposal to add hospital functions as a permitted use on their downtown property would improve access to healthcare for Salt Lake City residents. However, Intermountain Healthcare has not and has made no intention to provide routine abortion services at its hospitals, despite being uniquely positioned to do so. In Salt Lake City, we already have access to tertiary care hospitals with extensive healthcare services, but abortion care will soon be the exception. We should not grant a new hospital land use unless the hospital will provide the essential healthcare services that our residents need most.

Thank you,

Erik Bieging
Salt Lake City Resident

Dear Dan:

Our Great Salt Lake Audubon Bird-window Collision Working Group recently talked with you about building with bird-friendly glass. We noted the hospital building being built on the old Sears property is still in the planning phases. (See link in email below from Linda Johnson.)

Can you suggest a contact person we could talk to about using bird-friendly glass in the structure.

Appreciate you getting back to us on this.

Let me know.
Thanks.
