

Eric McGill

Eric McGill joined the Board February 2025 as a District 7 member. Eric is a lifelong Salt Lake City resident with a love for our shared public spaces. He is especially passionate about plant and animal diversity, environmental stewardship and honoring the people who cared for this valley long before it became the City that we know today. You may know him in the community as the 'bird dude,' sharing his love of nature with birds. In his free time, he loves gardening, bonsai, being outdoors and spending time with his partner and their fur and feather babies.
